ON THE COVER

Gathering sap in 1895 at the Sugar House in Silas Frost's Sugar Lot.

The former Frost Farm is now the property of The Kingdom, Inc.

In "Dublin Days, Old and New", my father wrote as follows about sugaring in the Dublin of bygone days:"After a long, monotonous winter, spring, with its milder weather, is always welcome. It was particularly pleasing on the farm, for it ushered in the maple sugar season.

"A sugar lot of average size generally sets from five hundred to a thousant buckets. The required fuel was usually cut in four-foot lengths and piled in the shed adjoining the sugar house during the summer. Considerable waste wood of inferior quality could be used for this purpose.

"There were years when snow was deep in the woods and roads were plowed with oxen and sled in advance. A rock maple produces the sweetest and most sap. One bucket is sufficient for a tree of small size, but there were giant maples five and six feet in diameter in the lot to which five and six buckets could be set.

"It was necessary, at times, to boil all night long in order to keep up with a good run. Eggs cooked in the boiling sap always tasted a little better than usual. Maple syrup sold for a dollar a gallon, soft pail sugar for ten cents per pound, and fancy two-ounce cakes for twelve and fifteen cents per pound.

"Abbott Burpee, who lived on the eastern slope of Monadnock, had one of the earlest sugar lots in town and always planned to bring newly made cakes of sugar to the village on Town Meeting day."

Accident Reports: State and Insurance Companies

As I stated in my 1972 Report, we would need a new Cruiser in 1974. We have put an additional 35,000 miles on our Cruiser, and the Town is now spending substantial sums keeping the Cruiser in service. This will be covered more fully in a special article.

I would like to thank all of the Town and State Agencies as well as numerous individuals who have assisted the Department over the past 12 months. It is greatly appreciated and, as always, a special thanks to Mr. and Mrs. Allison.

Respectfully submitted,
Robert N. McLean, Chief

The bottle recycling project has been temporarily suspended because our barrels were being stolen from the dump. The only way to solve this is to have an attendant at the dump whenever it is open, and the money for an attendant can be raised only by a vote at Town Meeting. Furthermore, it is not easy to crush and transport a relatively small amount of glass. Manual crushing by volunteers is risky and unreliable. Mechanical crushers are expensive, perhaps $1,000 or more, and require supervision and maintenance. Once the glass is crushed and sorted, it brings about $20.00 per ton at the plant. Given the exponential increases about to occur in shipping costs, it appears profitable to truck crushed glass only on a large scale. Perhaps the best thing for Dublin to do is to link recycling to trash disposal. The S.W.N.H.R.P.C. is recommending that Dublin and Jaffrey develop a joint landfill in Jaffrey. If both towns approve this, they could combine and process their recyclables at the landfill site. This would be more efficient and less expensive than going it alone, but such a project will not materialize overnight, and agreement on a common landfill will almost certainly have to precede a joint recycling program.

The department was called upon 37 times during 1973. This year, only one serious building fire occurred in town. However, resusitator calls and automobile accident rescue calls have increased — a most unpleasant but necessary function of the department. The town dump also received its usual spray from the department nine times during the extremely dry spell this fall. Some people still think that it's all right to complete the disposal of their own trash by setting fire to it after depositing it in the dump. Setting fire to the dump or any part of its contents carries stiff penalties to the offender if caught!

Twenty-one oil burner permits were issued during the year. Many building inspections were made especially to those capable of being occupied by over fifty persons (the Town Hall!). Inspection of numerous wood stove installations were made at the request of the worried homeowners not always sure of their capabilities as heating engineers. So far, except for several chimney fires, we have experienced no problems from the auxiliary heating systems hastily installed this past fall. These systems have saved oil for almost every place except the fire station. Even with a new burner installed in the furnace — the cost of heat goes up — and we're not ready to heat the fire station with wood yet!

To prepare for the usual fires incurred during cold weather, fire drills are being held twice each week — Sunday mornings and Monday evenings to give each member a chance to keep up to date with our extensive equipment used in the prevention and supression of fires.

A total of 3500 feet of 4" supply hose is now rolled on the reel of the hose truck. This hose was purchased by the Dublin Fire Company. Funds were raised by it's members for this purpose. This vehicle is the best equipped modern hose truck in the country.

The additional 1000 feet of 2" hand line has been purchased and added to the two front line trucks. This hose was a special item in the 1973 Town Warrant.

The dry hydrant project has yet to be completed due to an extremely late delivery of the hydrants to us from the manufacturer due to component shortages (so we were told!). This project will be completed in the spring. Current value of this hose is over $12,000.00.

We ran a little short of funds this year as usual. We were hit with the replacement of several pieces of unreparable radio equipment, several nozzles — required by the State Board of Underwriters — a new oil burner and a serious increase in prices of all items used in

the department. An example of these increases is 39.2 cents for oil — from less than 20c last year — 4" hose is $3.45 per foot or $345 per roll as it comes 100 feet at a time. This is up from $1.95 per foot two years ago and on it goes — everything costs more money — much more money.

However, if we didn't enjoy this type of work, we probably wouldn't do it, so you won't hear any complaints from me or the members of the department concerning their duties as firemen.

I would like to thank the men for their concern and valued talents that enable us to have a good fire department. Thank you for your continued support.

Respectfully,
Michael Worcester, Chief

SPECIAL COMMITTEE APPOINTED BY SELECTMEN ON APPRAISAL

The Dublin selectmen appointed a committee to look into the feasibility of re-assessment of the town of Dublin.

The committee unanimously recommends that we have an independent appraisal company come in and re-appraise the properties in the town.

There is a special warrant article covering our recommendations.

Committee Members:
John J. McKenna
P. Albert Rajaniemi
Robert O. Blanchette
Stephen G. Avery

HIGHWAY DEPARTMENT

The beginning of the year started with the usual plowing, sanding and salting.

In the spring all dirt roads were graded, ditched and gravel placed where needed. This was also done again in June and July due to heavy rain which caused washouts. Tar roads were patched throughout the year. A section on the Old Marlboro Road and another on Church St. were resurfaced.

The bridges on the Goldmine Rd., Paige Rd., and the Old Jaffrey Rd. were all replanked, and the bridge at the outlet of the lake was repaired with a new header wall of field stone and granite.

Many culvert pipes were either replaced or relaid in different sections of town:

Road	*Replaced*	*Relaid*
Old Harrisville Rd.	2	1
Valley Rd.	2	
Craige Rd.		1
Burpee Rd.		1
Marlboro Rd.	1	3
West Lake Rd.	2	
Cobb Meadow Rd.	1	3
Parsons Rd.	1 & added 4 new pipes	
South Lake Rd.		2
Upper Jaffrey Rd. 80 ft. of 36" pipe was added		
Doe Rd.	600 ft. of pipe and 3 catch basins	

Under Tree Special — trees were cut and disposed of on the Old Troy Rd., County Rd., East Harrisville Rd., Goldmine Rd., the Old 101, and Main St.

December again brought heavy rain that either washed out or flooded many of the roads. These were patched or filled in the best we could before cold weather came.

The Dump was pushed back most every day, burned when the ban wasn't on, and covered with sand when needed.

Knollwood Corner on the Upper Jaffrey Road was completely rebuilt in 1973; and reconstruction of Parsons Road was begun, which is a two-year project.

At this time, I wish to extend my sincere appreciation for the support and cooperation extended to my by the people of Dublin, as well as the loyal support of the Highway Department's personnel.

Respectfully Submitted,
Clarence Babneau, Highway Agent

REPORT OF THE SUPERINTENDENT OF CEMETERY

Last year your cemetery showed a fortuitous lack of business. We had only 4 burials. We did sell 8 lots, one of which included perpetual care.

The sixth grade once again did our clean-up chore last fall, continuing what we trust will be a perpetual arrangement. Regular maintenance was perfromed principally by Bruce Fox and Russell Chase. Since Bruce left in mid year to seek his fortune we owe thanks to Russell for carrying on alone.

The principal preoccupation of your cemetery committee was the planned expansion. A professional survey was done of our property bounded by Old Pound Road and Route 101. We hope to have an Article in the Town Warrant requesting initial funds for cutting and grubbing a section of this land, this phase to be completed this year. Next year hopefully we can bring in the necessary fill, grade and seed it, and have some forty additional lots available. A copy of the survey, showing in detail our tentative plan, will be on display at Town Meeting.

Everyone please check your automobile insurance! Last May a truck overturned causing $426.98 worth of damage. Unfortunately, no insurance was available, our collection efforts so far fruitless.

As always, your cemetery committee and I invite and appreciate all suggestions for its maintenance and for the vital expansion now underway. It is your property and deserves the care and planning you give to your own.

Richard B. Schaal
Supt. of the Cemetery

AUDITOR'S REPORT

To the Board of Selectmen of the
Town of Dublin

We have examined the balance sheets of the General Fund, Trust funds and Dublin Public Library Building Endowment Funds of the Town of Dublin as of December 31, 1973, and the related statements of changes in fund balance, revenues, and appropriations and expenditures of the General Fund for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. We have previously examined and reported on the financial statements for the preceding year.

In our opinion, the accompanying financial statements present fairly the financial position of the General Fund, Trust Funds, and Dublin Public Library Building Endowment Funds of the Town of Dublin as of December 31, 1973, and the results of the financial transactions for the year then ended, in conformity with generally accepted accounting principles applicable to government entities, applied on a basis consistent with that of the preceding year.

Statewide Library cards issued — 11

Appreciation for books and magazines to: Mrs. R. Sagendorph, Gen. I.D. White, Mrs. E. Tuttle, Mr. H. Allison, Mr. T. Wright, Mrs. K. Clukay, Mr. R. Smith, Mr. S. Kelly, Mrs. E. Curtis, Mrs. C. Trowbridge, Mr. and Mrs. G. Austin, Mr. and Mrs. O. Sewall, Mr. E. Foote, Mr. A. Ulam, Yankee, Inc., and the Dublin Garden Club.

Appreciation for Exhibits to: Mrs. E. Pierce for her salt and pepper collection, Mrs. J. Elder for wood carvings done by her, and her father, the late Neils Wenblad. Also for the scroll presented to honor Mr. and Mrs. Elliot Allison by the Dublin Garden Club, as well as some of their published writings. To Mme. Magda Polivanov for the exhibit of Christian crosses and symbols, and her gift to the library of a Byzantine cross, quilts handmade by Mrs. M. Phelps, ending the year with Beatrix Potter figurines belonging to the Marston girls.

A gift of money was presented by Mrs. Hugh Eaton to purchase childrens books in memory of Sylvia Pool Sperling.

The Dublin Garden Club gave two pots of pink geraniums to enhance the new wall entrance. They also gave the Christmas wreath for the front door.

Mr. and Mrs. Norman Ballou gave a seed cone wreath for hanging over the hearth during the holiday season.

Last summer Holly Moore volunteered her services. She did so much to help us and we all enjoyed her.

The Dublin Extension held several of its meetings in the Gowing room, open to the public. One meeting of fun and interest was cheese tasting, when as many as fifteen cheeses were placed on a most bountiful table for our approval.

One of the most important goals of our library is to help enrich the lives of the children by more use of the library. This year we

made better progress by sharing our films with both pre and elementary classes. Mimeographed lists of books relating to the films were given to the teachers for distribution. Before showing the film at the school, I have brought books for the children to see, and have given brief annotations. We are most pleased with the visits to the library for books.

During the summer a reading achievement program was held. Awards were presented, and the party ending this event was held on the library lawn, where about forty persons made and ate all the ice cream sundaes they wanted!

Improvements include new lighting fixtures in the stack room, a dehumidifier for the Gowing room taking out as much as thirteen pints of water daily. The new wall entrance is a great improvement and our patrons feel much safer using this approach to the building.

The trustees held four business meetings. As your librarian I attended three district meetings and workshops. Especially helpful to me were meetings to preview films, study better cooperation between school and library, and laws governing public libraries in New Hampshire. One benefit our patrons receive by our affiliation in the Statewide Library Development Program is the Statewide Library card. This enables a patron in good standing to use over a hundred libraries in the state.

Eventually the library will have to have a new leech bed for its sewage, for health and environmental protection to its land. The cement in the retaining wall appears to be crumbling from the rear. It has been suggested that this area be filled with earth, (when free), sloped and landscaped, with a walking ramp to the lower level of library land and back exit. Years ago a road ran behind the town hall on Church street west to behind the library. It was used for maintenance services. In years to come it would be well to consider the merits of a new road so that patrons unable to do the stairs will have access to the Gowing room.

We are making every effort to conserve energy and the taxpayers dollars, in inflated prices for light, heat, books and supplies.

Dorothy Worcester, Librarian

DUBLIN PLANNING BOARD
1973 ANNUAL REPORT

The Dublin Planning Board had a busy and productive 1973, the main achievement being the preparation and presentation of a completely new zoning ordinance. Dublin voters are encouraged to vote "yes" on the ballot question concerning zoning during town meeting day in 1974. The membership of the planning board fully endorses the proposed ordinance.

In other activities, the board conducted 13 hearings on subdivision applications. Eleven were approved, one was denied, and no action was necessary on one. Hearings were also held concerning work on Parsons and Burpee roads, two Scenic Roads.

It was determined in 1973 that the legal requirements for conducting hearings on subdivisions were in excess of the $10 application fee. As a consequence a change in the fee can be anticipated in a future change to the land subdivision regulations.

Of importance to the town — in addition to the zoning ordinance to provide orderly growth in Dublin — is the handling of subdivisions. Norman R. Davis' project and the roads he constructed are examples of what the board considers good planning. Boulder Drive, in the Davis subdivision, is also a subject matter for town meeting 1974.

The real need not only in Dublin but throughout New Hampshire is good land use planning. For this reason, the Dublin Planning Board has consistently used the services of and fully endorses The Southwestern New Hampshire Regional Planning Commission. The board urges your attention, understanding and continued support of the work of the commission.

Robert B. Allen and Thomas P. Wright are Dublin's representatives on the board of the Southwestern New Hampshire Regional Planning Commission. Allan J. Fox and Richard A. Hammond are alternate representatives.

Respectfully submitted,

ZONING BOARD OF ADJUSTMENT REPORT

Report of The Dublin Zoning Board of Adjustment. There were several violations to the planning and Zoning ordinances. Some were resolved by a letter from the selectmen and or the planning board, others are still to be heard from.

Only one request for a variance was submitted to the planning board and sent to the Board of Adjustments for action. A public hearing was held on July 31, 1973 at the town hall. Mr. Daniel Burnham's request for a variance was allowed after a vote of both boards and all the abuttors that were present.

Respectfully submitted
P. Albert Rajaniemi
Chairman, Board of Adjustments

REPORT OF DIRECTOR OF CIVIL DEFENSE

The Civil Defense Director has been unable to make any improvement over the situation which existed in Dublin in 1972. It has been impossible to obtain complete service annexes to the Basic Emergency Operation Plan which is required by the New Hampshire State Agency.

Efforts to establish radio communication with other Civil Defense units have been unsuccessful. At present, the only means of communication is by mail or telephone. During the past year, there has been no disruption in these services.

The assistance of the previous Director and present Deputy Director, R.A. Hammond, is gratefully acknowledged.

Maurice W. Hale
Director Civil Defense

REPORT OF THE CONSERVATION COMMISSION

The Conservation Commission has several different tasks; we have to record and map the Town assets in land, water, trees, animals, and people; we act to protect these assets; we work with other Town, State and Federal government bodies; we try to acquire land or the rights to use land for the public to enjoy; and we try to help people singly or in groups, who are interested or concerned about conservation.

We helped the Dublin Girl Scouts with two projects this year.

On April 28th the Scouts carried out their Anti-litter Drive. On May 26th the girls planted several trees on public property. We helped choose the trees and sites. The State gave the trees.

Mrs. French and Mrs. Anable head the paper collection drive, using the Church garage. We voted $50 to repair the shed.

Sixteen young people worked hard to pay their way to Camp Union this Fall. They earned $300 by projects such as clean-up at the Cemetery. The Garden Club donated $80 and we paid the balance of $170.

We believe we must encourage and support these local efforts.

The Conservation Commission has taken a keen interest in the hard work of the Dump Committee. One of our members has suggested a bicycle path through Town and serves on that Committee. We have enjoyed working closely with the Planning Board on soil maps, zoning plan and subdivision hearings. By a new State law, a planning board member is a member of our Commission. This year Allan Fox served from October. This has been very helpful. Several members of the Commission visited Concord, attended hearings and studied the proposed State Highway Action Plan. As a result, some changes were made in these rules that will apply to the future planning of New Hampshire Highways.

The Commission spent much time this year on the 101 By-pass plan. We attended State hearings. We gave data asked for by the State for its impact study. We held several joint meetings with Keene, Harrisville and other town conservation commissions. We met with and offerred help to both the No-East-West-Highway and the Re-locate 101 Committees. As a Commission, we see a need to get all the facts out before the public. We urge you to study this new road plan, which may have a major effect on Dublin. We are ready to help all who wish to get involved.

The Commission and its lawyer spent many hours this year drafting a deed for land on Howe Reservoir. The owner plant to give the Town rights to use the land for recreation and a nature preserve. We

think our careful efforts to define these rights will encourage other good citizens to make similar gifts.

This year a new law gave us important new powers. In order to build a dam, encroach on wet-land or such, you must get a permit from Concord. Now that application is sent to the Conservation Commission. We may hold public hearings and make comment before that application can be acted on by the State. Concord more and more expects local boards and citizens to detect and report the breaking of wet-land, septic tank, pollution and other rules and laws. Please call us if you see any building, grading or digging you think might harm Dublin. You are our Town's best guardians.

The members of the Commission this year were: Mrs. Frederick Marston, Mrs. Carl Niemela, Mrs. Ralph Perkins, Jr., Mr. Paul Miller, Mr. Shaun Kelly, Jr., Mr. James C. Haddock.

They have all worked hard and given valuable time and ideas. I thank them for making my term easier and pleasant.

Gordon Hutchinson, Chairman

REPORT OF THE BICYCLE/WALKING PATH COMMITTEE

On July 30th, 1973 the selectmen appointed a 14 person committee to study the possibilities of a bicycle/walking path up Dublin Hill, to help insure the safety of the young people in Dublin traveling to and from school, the center of town and the lake.

The committee discussed all type of safety measures including traffic signs, lights, crosswalks, alternate bike routes, relocating sidewalk to the north side of Route 101, relocating 101, as well as our focal point, the feasability of an expanded bicycle/walking path up Dublin hill.

Several committee members took a study trip to Lincoln, Massachusetts to look at their facilities. A special thanks to Emily Anable and the Lincoln town officials for so much work and cooperation.

While the committee was very much in favor of such a project the odds are pretty well stacked against a bicycle path, for the following reasons.

1. *Easements* The town would need easements from all property owners boardering any proposed path.

2.*Grade* The grade of the hill almost prohibits young people from riding bicycles up the hill at all.

3.*Costs* Even on a conservation basis an eight foot bicycle path 1/2 mile long would cost the town in excess of $30,000, with not much chance of any federal or state funds because of the grade of the hill.

I wish to express my thanks to all of the members of the committee for their work on various projects as well as Police Chief Robert McLean for his help on crosswalks, traffic controls and lights.

The committee does heartly recommend an extension of the present sidewalk on the west end of Main street up to Lake road and the Women's Club beach, and that the existing sidewalk on lower Main street be put in proper repair to its end.

We have also suggested additional crosswalks and lighting to the Selectmen and the Police Chief who are studying feasibility.

Respectfully submitted,
Steven G. Avery, Chairman

LISTING OF RESIDENT TAX PAYERS of the TOWN OF DUBLIN NEW HAMPSHIRE

Taxes Taken April 1, 1973

In 1971 the Legislature passed a "Resident" tax bill under which a $10.00 "Resident Tax" replaces the former Poll Tax and Special Head Tax totaling $7.00.

Under the new law (RSA 72 and 76 as amended by Chapter 476, laws of 1971) a tax of ten dollars ($10.00), known as the "Resident Tax", shall be assessed on every inhabitant who was at least twenty-one years of age but not yet sixty-five years old as of April 1, 1973. Widows of veterans are exempt from this tax, regardless of age. Veterans are not exempt.

Payment of this tax is due before registering a car or getting a fishing, hunting, or driver's license, unless the tax is legally abated.
